County Retail Sales in 1954 13 Millions

Retail sales in 1954 of 245 stores in Hempstead county totaled \$13,039,000, according to preliminary 1954 Census of Business figures announced by the Bureau of the Census, Department of Commerce. This was a decrease of 5.4 per cent under sales in 1949 of 309 stores at \$13,770,000.

Stores with payroll in 1954 numbered 129, had 481 paid employees in November 1954, reported payroll of \$894,000, and accounted for sales of \$11,057,000. Proprietors of unincorporated businesses numbered 255. The number of stores and their 1954 sales, grouped by major kinds of business, were:

| Kind-of-Business Group | Stores (Number) | Total Sales (Dollars) |
|--|-----------------|-----------------------|
| Food stores | 108 | 3,704,000 |
| Eating, drinking places | 11 | 240,000 |
| General merchandise group | 21 | 1,418,000 |
| Apparel, accessories stores | 9 | 460,000 |
| Furniture, home furnishing, appliances | 11 | 731,000 |
| Automotive group | 14 | 3,666,000 |
| Gasoline service stations | 16 | 773,000 |
| Lumber, bldg. matls., hdw., farm eqpt. | 18 | 998,000 |
| Drug stores | 9 | 392,000 |
| Other retail stores | 12 | 422,000 |
| Nonstore retailers | 12 | 422,000 |

For 1950, a report from the State's counties and places of 2,500 or more population is available from the Bureau of the Census, Washington 25, D. C., or from Department of Commerce field offices in most large cities.

(*) 1948 totals above include data for a few types of establishments not in scope in the 1954 Census. This is significant only to the extent that mild dealers (dairies) and stores with annual sales between \$500-\$2,500 are important in the county.

Dinner to Start C of C Campaign

Hope chamber of commerce annual membership drive will open Tuesday with a kick-off breakfast at 7 a. m. at the Masonic Temple, South Main street.

Membership drive chairman Ray Turner, announced that 92 workers had been invited to the breakfast.

Names of 450 prospective members will be assigned to be workers who will be formed into teams to thoroughly canvass the town in an effort to underwrite the 1956 budget of \$15,000.

Refining president Harrell C. Hall will deliver the campaign address. Others who may speak briefly will be newly-elected president, Frank King, and new secretary-manager B. N. Holt, who took over his position January 3.

The proposed \$18,000 budget is probably the highest ever set by the local organization. The figure is \$3,000 higher than last year.

Less than two percent of all pledges made to the chamber of commerce during 1955 have not been paid and this is considered an excellent record, officials said.

Drive chairman Ray Turner said some business houses would be called upon to increase their pledges for the new year, and that a greater number of individual members would be sought.

"We want participation by every business firm and by every civic-minded citizen of Hope, and if you are not one of the 450 prospective members who will be contacted, please drop by the chamber of commerce office and give your pledge or sign a pledge card with our new secretary-manager."

"Hope is a good town in which to do business and a good town in which to live. We want to make progress, to go forward. We must have adequate financial backing to have a live chamber of commerce, Mr. Turner said.

"Every town in Arkansas is industry-hungry. We want to promote what we have at home and also to seek new industry. We want to keep a constant stream of letters and information going out to industry looking to the South for new locations . . . but it takes time, effort and money to do this," Mr. Turner concluded.

Former Hope Woman Dies in California

Mrs. F. E. Ayper, the former Estelle Loggins who was employed at the Proving Ground during the war, died Friday at her home in Los Angeles. Her survivors include a sister, Mrs. Mary Boyce Rhodes of Texarkana, formerly of Hope.

Civil Rights Group Dissolves Setup

NEW YORK, (AP)—A convention of the Civil Rights Congress, which was placed on the U.S. Attorney general's list of subversive organizations several years ago, has voted to dissolve the organization.

The Congress said "persistent persecution by reactionary forces in government" led to its decision. The Congress has been under fire from a number of government agencies.

The convention's action, taken here Saturday, covered 9 chapters in various cities.

Eden to Try to Cut Cost of Living

LONDON, (AP)—Prime Minister Eden planned today to quell unrest in his own party and strengthen his shaky position by personally leading a drive to cut Britain's ballooning cost of living.

His aides in the House of Commons urged Conservative party members to close ranks behind him. Signs indicated their plea was meeting with success.

Eden's associates pointed out that rumbles of discontent in the Tory ranks might weaken his hand in his Washington talks with President Eisenhower later this month.

Some Conservative newspapers which have been critical of Eden's leadership now were coming around. The Daily Mail said "those who call for the resignation of the prime minister are being ridiculous."

Rumors that Eden intended to resign snowballed the last few days. Some accounts said a conspiracy against him was being led either by the new chancellor of the exchequer, Harold Macmillan, or by Richard A. Butler, lord privy seal and Eden's chief deputy.

The prime minister's office denied the resignation rumor, calling it "false and without any foundation whatever."

Urges Public to Protest Gas Issue

WASHINGTON, (UP)—Sen. Alexander Wiley (R-Wis.) urged the public today to send the Senate an "avalanche of protests" against the pending natural gas bill.

Telephone, telegraph, write, petition, or visit senators, he advised in a speech prepared for delivery to groups opposing the bill. Wiley said chances are better than even that the bill will be passed "unless there is a blizzard of protest" against it. It would exempt natural gas producers from federal regulation.

The Wisconsin Senator called the bill, which would exempt independent natural gas producers from federal control, "evil," "greedy," and "as phony as a three-cent piece."

He said that the bill, if passed, would lead to applications for higher gas rates that would cost consumers upwards of \$750,000,000 a year.

"Not only will producers charge more and more for natural gas, but you can expect petroleum prices to edge upward as well," he said.

Wiley said the bill should be sent back to the Senate Commerce committee for further hearings. If the Senate won't do so, he said, a "very considerable number" of amendments will be offered.

Sen. Harley M. Kilgore (D-W. Va.) said yesterday he will offer a "conservation amendment" to the bill.

"The bill is considered likely to cause a sharp election year split among Democrats from gas-producing and gas-consuming states."

Opponents contend it would add as much as \$800,000,000 a year to the bills of gas consumers.

This Is Story of a Refugee Who Made Millions by Simply Making Folks Sewing Conscious

By HAL BOYLE
NEW YORK (AP)—Leon Jolson is a refugee who became a millionaire by convincing even policemen that they could do home sewing.

His success is one of the most spectacular of any achieved by the hundreds of thousands of fugitives from totalitarian terror who have found a new life in America.

Jolson and his wife, Anna, came here in 1947. They were stateless, penniless and childless. On Jolson's left arm he bore the blue tattooed numerals symbolizing the three years he was imprisoned in Nazi concentration camps before he escaped and joined the Polish underground movement.

Today at 42 Jolson is an American citizen, has two children, and heads the \$60,000,000-a-year Neccini

1955 Over 10 Inches Short of Normal Annual Rainfall Yet Year Was Ideal for Farmers

Comparative Precipitation for 1954 and 1955

| Month | Normal* | 1954 | 1955 | Departure from Normal |
|-----------|---------|-------|-------|-----------------------|
| January | 4.99 | 6.54 | 1.54 | +1.55 |
| February | 4.07 | 2.20 | 3.96 | -1.87 |
| March | 5.08 | 1.76 | 5.03 | -3.32 |
| April | 3.31 | 3.71 | 4.83 | +1.60 |
| May | 5.09 | 6.54 | 6.21 | +1.45 |
| June | 3.74 | 1.37 | .75 | -2.37 |
| July | 4.35 | 3.49 | 4.34 | -.86 |
| August | 3.28 | .52 | 3.15 | -2.76 |
| September | 3.06 | 1.92 | 3.69 | -1.24 |
| October | 3.19 | 8.64 | 3.68 | +5.45 |
| November | 4.55 | 1.97 | 1.94 | -2.58 |
| December | 4.64 | 3.37 | 1.81 | -1.27 |
| | 51.35 | 41.93 | 40.93 | -9.42 |

The year 1955 was dryer than 1954 by one inch, also, dryer than either 1952 or 1953.

The year 1954 was considered a severe drought year and 1955 as a very favorable one from the standpoint of precipitation.

Distribution of precipitation is the most important factor for crop production. Not only distribution by months but within the month has a direct effect on crop yields.

By looking at the normal precipitation for Southwest Arkansas it appears to be almost perfect with little variation from month to month. If the precipitation was always well distributed even in such years as 1952, 1953 and 1954 there would have been sufficient precipitation for most crops at any time.

Apparently the big difference in yield of crops in 1955 compared to 1954 was due to an almost normal rainfall during July, August, and September. Whereas, precipitation during these months of 1954 was considerably below normal.

Observation Records
Precipitation and temperatures have been kept for the Weather

Teachers Plan Program for Rest of Year

A committee of teachers representing each of the schools in Hempstead County met last week in the Junior High School Auditorium to plan two general programs for the remainder of this school year.

The committee was composed of Mrs. Frank Mason, chairman, James L. Stewart, John W. Maxwell, Mrs. Arch Turner, Miss Opal Wahle, Mrs. O. H. Bristol, Thurston Hulseley, Norman Jones and E. R. Brown.

The first meeting is to be on Monday, March 19, in the Junior High School Auditorium with the Blevins teachers serving as hosts. The details of the program are to be worked out by the Blevins teachers keeping in mind our general theme for the year "Interpreting the School to the Community."

The second and last meeting is to be a fish fry on Tuesday evening, April 17, with the Spring Hill and Saratoga teachers serving as hosts. Details of this social meeting are to be worked out and announced by the host teachers at a later date.

School board members and other interested lay citizens are especially invited to attend these meetings.

W. E. Samuel Succumbs at Magnolia

W. E. Samuel, a former resident of Hempstead County, died Saturday in a Magnolia hospital. He is survived by his wife, three children, Richard, Mrs. Roy Wynn of Magnolia and Mrs. Carl O'Steen of Dallas; six brothers, G. S. LeRoy, D. M. and Jessie of Hope, R. M. of Willis, Okla., and S. B. of Minden, La.

Funeral services were held at 2 p. m. Sunday at the McNeill Baptist Church by the Rev. C. Martin and the Rev. E. B. Jones.

Private School Up to Voters in Virginia

RICHMOND, Va. (AP)—Virginians voted today on a proposal which would clear the way for granting public funds to send children to private schools.

The proposal is designed as an avenue of escape from the Supreme Court decision outlawing segregation in public schools.

The voters marked their ballots "for" or "against" a convention which would amend the state's constitution to make such tuition grants possible.

Amendment to the constitution was one of the key recommendations of Gov. Thomas B. Stanley's Commission on Public Education, which for almost a year studied ways the state might avoid enforced integration.

Under the commission's suggested program, tuition grants would be made available to children who live in areas where public schools may be abandoned, or whose parents decline to send them to integrated schools.

Estimates of the vote ranged upward from 400,000 to more than 500,000. There are approximately 800,000 registered voters, of which roughly 72,000 are Negroes.

Pro-segregation Groups Told Not to Interfere

JONESBORO, (AP)—Federal Judge Albert L. Reeves today made permanent a temporary injunction ordering three pro-segregation organizations not to interfere with racially integrated schools at Hoxie.

Judge Reeves said that the defendants—leaders of pro-segregation groups in Arkansas—"having acted in concert for the common purpose of compelling a restriction of the integration order, were conspirators and the acts of each conspirator were binding upon all the others."

One pro-segregation leader was not included in the ruling. He was former state Sen. James Johnson a leader of the White Citizens Council of Arkansas.

Johnson's name was not included in the interlocutory injunction granted by Judge Trimble. Judge Reeves said, and "no additional facts adverse to that of Judge Trimble. Accordingly, Sen. Johnson will not be enjoined."

The temporary injunction—all of which was made permanent by Judge Reeves—prohibited the pro-segregation leaders specifically from boycotting or picketing the schools, trespassing on school property, or threatening school administrators and school board members with bodily harm.

Attorneys for the pro-segregation forces argued that the order violated their constitutional guarantee of free speech, and enjoined them against acts which never had been committed.

About 25 Negro children were integrated with about 1,000 white pupils in the Hoxie schools last summer. At the time of integration, the members of the Hoxie School Board said their main motive was economy. Previously, Negro high school students were sent to adjoining districts at the expense of the Hoxie district.

After about three weeks of clam integration, Herbert A. Brewer, a Hoxie farmer, organized the Hoxie Committee for Segregation and opened a campaign to force the board to restore segregation.

Brewer's group circulated petitions demanding that the Hoxie school board rescind the order or resign. At first, the board ignored the petitions, then it closed the schools two weeks prior to the scheduled recess in September. It said it would consider the segregationists' request. When schools re-opened in October, the board said it would continue integration.

Picket Ruling at Ft. Smith Is Upheld

LITTLE ROCK, (AP)—The Arkansas Supreme Court today upheld Sebastian Chancellor Franklin Wilder in permanently enjoining picketing in a Fort Smith labor dispute.

The opinion, written by Associate Justice Paul Ward, said that the evidence sustained Wilder's finding that Local No. 23, United Association of Plumbers, was picketing for a closed shop in violation of the Arkansas constitution.

The picketing last March was directed against Daniel Plumbing & Gas Co., Ind., of Beebe, a subcontractor on a building being erected at Fort Smith for the Eastern Metal Products Corporation.

Merl Daniel, the field superintendent, testified that he was employing both union and non-union plumbers and paying them the prevailing scale.

The Supreme Court rejected several reasons it said union officials gave for the picketing and then concluded:

"Appellants (the union representatives) maintained throughout that they were not picketing for a closed union shop, but this entire record is a reminder of the old adage that oftentimes actions speak louder than words."

Justices George Rose Smith and Sam Robinson dissented in the opinion.

The Supreme Court modified a decree of Columbia Chancery Court involving ownership of a one-eighth right to oil on 20 acres of land.

The court outlined the share that Mrs. Annie Tyler retained in the oil rights in a transfer of a portion of it from her and her husband, Addison Tyler, to Melvin Boucher.

The court upheld Union Chancery Court in its finding that certain disputed documents involving a fractional lot at El Dorado were outright deeds which placed ownership in Mrs. J. D. Evans.

Eddie Williams Grimes and others contended the documents were mortgages and that the real estate was being held in trust for them.

Ike Offers 9-Point Farm Plan Designed to Lower Nation's Surplus

Ike Set to Talk With Advisers on Second Term

By MERRIMAN SMITH

WASHINGTON (UP)—President Eisenhower today was ready to start talking "objectively and intensively" with his "most trusted advisers" about whether he should seek a second term.

He said he would put the question "right up to the forefront" for a final decision now that he has ended his South Florida vacation and return to the "full swing" of the presidency.

But he said the question requires "thorough studying" and is "complicated," and that his health and his sense of duty as well as political factors must be considered. As a result, he said, he cannot tell when his final answer will be given. He said it might be March and it might be later.

Mr. Eisenhower flew back to the White House yesterday after days of work and play at the Key West, Fla., naval base as part of his recuperation from a Sept. 24 heart attack. He said he felt "very much better, stronger and much more able to get about."

From now on, he said, he expects to be "back in the office as per usual."

Mr. Eisenhower made his comments to reporters in a 15-minute news conference—his first since Aug. 4—before leaving Key West.

He emphasized the state of his health as a factor in reaching his decision on a second term. He noted that Americans and foreign nations are used to the United States changing governments only every four years and that it is a "very critical thing" to shift control in between elections.

Mr. Eisenhower apparently was suggesting that he would want to be sure his health would permit him to serve a full second term before agreeing to do so.

Unit Coming Here to Check for Shells

CAMP CHAFFEE, Ark. — The 52nd Ordnance explosive disposal unit from Camp Chaffee will spend three days next week — Jan. 10-13 — in Hope, Ark., to check unexploded shells in the vicinity.

The team of experts, headed by Captain Samuel Steiner, has requested that residents of Hope, Washington, Ozan, McCaskill, Blevins and other nearby communities notify Hempstead County Sheriff Jimmy Cook if they know of any unexploded shells in the area.

Captain Steiner asked that war trophies and souvenirs be turned over for inspection and deactivation if necessary. There is no charge for the inspection or deactivation.

The 52nd destroyed 434 high explosive shells during 1955 in the Hope area, which formerly was used as the Southwest Proving Grounds.

Other members of the team are Master Sgt. Thomas D. Campbell, Sgt. Charles J. Howard and Sgt. Robert B. Ness.

All Around the Town

By The Star Staff

Roy G. Thrash, Tol-E-Tex Oil Company of Hope, will be installed as director of the Arkansas LP-Gas Association at the tenth annual mid-year meet of the group in Little Rock January 15-16 . . . the two-day meet opened at 2 p. m. Sunday and principal speaker will be Chick Hanson, Bartlesville, Okla., regional manager for Phillips Petroleum Co.

Hempstead Circuit Court with Judge Lyle Brown presiding started its January term Monday . . . most of the day is expected to be spent in setting cases.

Superintendent James H. Jones of the Hope Public School system left for El Dorado today for a meeting of a committee of the North Central Association of which he is a member . . . he is expected to return to Hope on Thursday.

Notice has been received here that some 380 contractor employees at Lone Star Ordnance Plant, near Texarkana, will be laid off during the period from January to April.

Incidentally the Marie Williams implicated in an altercation last week is not the Marie Williams that lives on East Fourth Street.

Chinese Student Is Enroute Home

SAN FRANCISCO (AP)—A Chinese graduate student who denied Communist Chinese charges that he was held in the United States against his will is on his way home today.

Liu was released last week aboard the liner President Wilson yesterday for Hong Kong. He has a wife and 7-year-old daughter in Red China.

Liu was released last week from a mental hospital at Farmington, Mo., where he was sent in 1949. He had a mental breakdown shortly after obtaining a master's degree from the University of Missouri. He is well enough now to travel alone, the hospital said.

Liu denied the Communist allegation saying he "stayed to be treated for my disease," and thanks to the treatment, "I am well now."

Experiments Made With a Atom Reactor

FORT WORTH, Tex. (AP)—Experiments with an atomic reactor in a huge B36 as part of a program to develop atomic-powered aircraft were announced yesterday by the Air Force and Convair aircraft.

"Among other things," the reactor is used to investigate problems of shielding against radiation to study effects of radiation on aircraft, materials and systems to develop atomic-powered nuclear instruments.

The joint announcement said, "All safety precautions have been taken and 'the public can be assured that there is no danger of a nuclear explosion resulting from an accident to the aircraft,'" it said.

The announcement continued: "The reactor is never operated during takeoffs and landings. It is operated only when the aircraft is flying over a pre-designated area where a maximum public safety is attainable."

"Precautions taken also include informing local public officials throughout the Southwest concerning public safety measures to be taken in the unlikely event of an accident."

J. H. Waddle, 86, Dies at Home in Laneburg

J. H. Waddle age 86 died at his home in Laneburg last night about 11 o'clock.

He is survived by his wife, seven children, Vernon of Benton, Howard of Pawhuski, Okla.; Dewey of Magnolia; Jodie of Laneburg; Mrs. R. N. Kelly of Prescott; Mrs. Mann Kennedy and Ezra of Springhill, Louisiana.

Funeral will be held Tuesday at 2 o'clock at Mt. Moriah, Smith Funeral Home at Stamps in charge.

ALL WASHED UP

CHICAGO, (UP)—Mrs. Dorothy Kallas said yesterday that as far as driving is concerned she is all washed up.

Mrs. Kallas' car was forced through the plate glass window of a laundromat after a collision with an auto driven by Jack Lauer.

Hats off to the local Junior basketball team for winning the invitational tournament at Texarkana last weekend and to the Pres-Corley Wolves for copping the Henderson tournament . . . Ironie isn't it?

Delight had little trouble beating Hope a team which twice this year has beaten the Curley Wolves . . . however, fans who have seen the full Wolves tell they hadn't reached their potential.

\$1 Billion Soil Bank Is Feature of the Program

By GAYLORD P. GODWIN

WASHINGTON, (UP)—President Eisenhower today offered Congress a nine-point farm program featuring a \$100,000,000 year "soil bank" plan aimed at reducing the nation's "mountainous surpluses" of what cotton and other crops.

The soil bank plan is designed to bring about an immediate "voluntary" cut of about 10 percent in the acreage of cotton and other crops for major surplus crops, and a long-range diversion of about 25,000,000 acres of cropland to trees, grass and other conservation plantings.

Mr. Eisenhower said this way incentive system is the way to reduce farm production and begin paring down the 500,000,000 piles of surplus commodities, which he described as "main" reason for declining prices.

He did not put a time limit on the soil bank program, but the payments for cutting and cotton acreage should be made for three or four years, which time these carry-overs should decline to normal levels.

The President stood for administration of the soil bank flexible program, which he said, "I am sure that the farmers will want to take advantage of the program."

He said the program would change in the price support limit, however, "playing a limit" on the size of government support loans to keep big commercial farms from cashing in on protection which he said intended mainly for "family farms."

In a 7,000-word special message, Mr. Eisenhower also recommended:

Exempting farmers from paying the two cents a gallon federal tax on gasoline used on the farm.

New legislation to give government greater freedom of disposition of surplus commodities at home or abroad, including wheat from certain countries.

A 25 per cent boost in agricultural research funds to develop markets for farm products.

A number of specific farm programs designed to "strengthen the government's existing programs for supporting prices, limiting production of surplus crops, including corn, wheat, cotton, rice and peanuts."

He urged Congress to enact the "full program" he proposed in 1956 for helping the nation's lowest income farm counties raise their living standards by attracting industry and training farm youths for other work.

He also promised that the government will see to it that "adequate credit" remains readily available to farmers, and announced he will submit recommendations later for expanding the "soil bank program" to include cropland in the 10-state Western dust bowl.

Area Games Scheduled Tuesday Night

In other weekend games Hope defeated Gurdon 68 to 44 on the home court with Harold Honea leading the way with a total of 24 points.

Tonight the Hope B boys and Senior girls take on Guernsey. Tuesday night Spring Hill will play host to three teams from Blewins; Bodewy will go to Willitsville taking three teams; Saratoga will entertain two teams from Emmet. Prescott will play three teams from Gurdon and Guernsey will entertain three teams from Laneburg.

Boyle

Continued from Page One

wives are different from European housewives. They aren't interested in acquiring the technical skill to do home sewing.

Jolson thought they were wrong. He felt that by importing an Italian model sewing machine that required less operating skill he could make a go of it. In 1948 he started his own business on \$2,000 borrowed capital.

"I was scared stiff," he recalled. But his business mushroomed to \$2,000,000 in sales by the end of the first year. By 1953 they had reached \$45,000,000. His firm now accounts for about a tenth of the \$600,000,000 American sewing machine industry.

"The do-it-yourself movement was a great factor, Jolson said. 'Home sewing used to be limited largely to homes in the lower economic classes. Now it's gone into high society.'

"Many men have taken up sewing. We even have policemen who sew clothing for their children."

Jolson now imports only about 25 per cent of his sewing machine parts. The rest are manufactured in this country. The machines are assembled in plants here and in Chicago, Los Angeles and San Francisco.

"My dream is to keep improving them so much," he said, "that housewives will trade in their old sewing machines every two or three years for new models—just as their husbands do with motor cars."

Jolson next hopes to challenge the Goliaths of another field by importing and distributing Italian typewriters and business machines, which he feels have some features lacking on those now made in this country.

"I hope my success," he said seriously, "has led some Americans not to underestimate Europeans' about mass production. But in fields requiring precision and skilled hand work we have much to learn."

"Our economy has grown so rapidly we don't have the skilled people to back it up. The most important industrial problem we face in the next 25 years is how to create more skilled people."

Grateful to his adopted country,

MARKETS

BROILERS

LITTLE ROCK (AP)—Northwest area: Marke tweak: Demand fair. Broilers and fryers 21-22 cents. Batesville—Floral area: Market weak: Demand light. Broilers and fryers 20-22 cents. All prices F.O.B. farm.

POULTRY AND PRODUCE

Jolson established a \$10,000 fellowship grant at Columbia University and a \$250,000 foundation to promote better understanding between "all races, creeds and nationalities on the community level."

He says: "I sometimes wonder if a native American can understand this country as well as a new American does. He is so accustomed to freedom that it no longer seems as wonderful to him as it does to one who has lost it—and found it again."

\$1 Billion Soil

Continued from Page One

Congress also consider bringing corn and rice under the program.

It would work like this: a farmer would sign a voluntary contract with the government to cut his already-allotted acreage. He could not use the "reserved land" for any other kind of crop or for grazing. In return, he would receive a "cashable certificate" equal to a "percentage of the value of the crop he would have normally harvested from the reserved acreage. These certificates would be redeemed by the government either in cash or "in kind"—that is, by giving the farmer surplus commodities from the government's own warehouses.

Because of this feature of "using the surplus to reduce the surplus," Mr. Eisenhower said the "real cost" of the program will be "substantially less than the apparent cost" of the certificates.

2. A "conservation reserve." This would be a long-range program under which farmers would be "asked to contract voluntarily with the government to shift into forage, trees and water storage" croplands which are now most in need of conservation measures. Mr. Eisenhower set a goal of 25,000,000 acres. He asked Congress to vote \$350,000,000 a year for the program for the next three years. He said this would be on top of the \$250,000,000 a year spent under the existing soil conservation program, making a total of \$600,000,000 a year for this part of the plan.

Urging Congress to adopt his program with "maximum speed," Mr. Eisenhower said that "no problem now before the Congress demands more urgent attention" than the plight of the farmers.

"They find their prices and incomes depressed amid the nation's greatest prosperity," he said.

WRONG 'ROAD'

SAVAGE, Minn., (UP)—Police flagged down a speeding train yesterday to prevent it from smashing into a car stalled on the tracks.

The driver of the car said he turned onto the tracks of the Omaha railroad thinking it was a road.

Segregation Group Calls Hoxie Meet

WALNUT RIDGE, (AP)—A pro-segregation leader in Hoxie has asked citizens to meet here tonight to discuss the possibility of taking legal action against Hoxie school officials.

Herbert Brewer said that Hoxie citizens would meet at the Lawrence County courthouse here to discuss the possibility of filing charges against Supt. K. E. Vance and members of the Hoxie School Board in connection with a \$3,500 shortage in school funds that was reported by a state auditor.

Brewer, one of the leaders in the attempt to force a return to segregated schools in Hoxie, said that citizens "will discuss the possibility of swearing out warrants and prosecuting as citizens."

"In view of the fact that K. E. Vance has announced he will soon leave jurisdiction of our courts and since public officials apparently have dropped the case, we feel the citizens must take action," Brewer said.

Vance has announced that he will resign on Jan. 15.

The school board is scheduled to consider his resignation at a regular meeting tomorrow. Board Chairman Leslie Howell said that Vance's telephone had been disconnected because he planned to move after action on his resignation letter.

However, Howell said Vance had not told him of any plans to leave the state. Vance could not be reached for comment.

Prosecutor W. J. Arnold, after making an audit of school records, said that there had been illegal handling of school funds, but he has said that he will not file charges in the absence of proof that Vance benefitted from the

Go safer...
Go Ford for '56

Ford's new *Life Guard Design* is a whole family of safety features that means added protection for you and your family

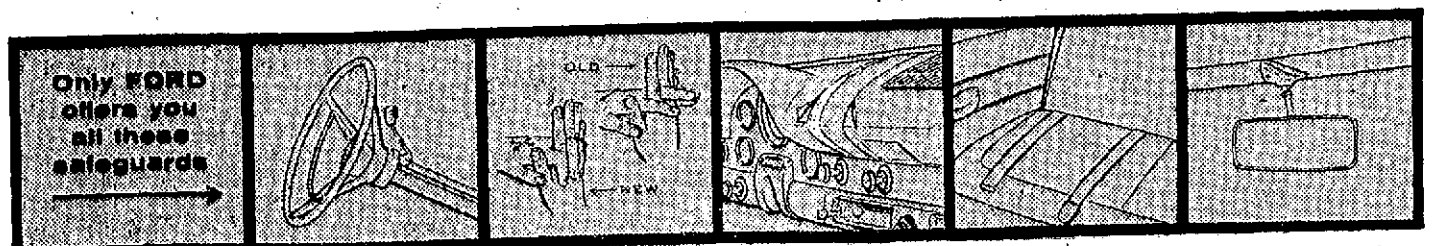

When you buy a new '56 Ford, you're giving your family much more than the envy-arousing style of the fabulous Ford Thunderbird.

You're giving them more than the thrilling "GO" of Ford's Thunderbird V-8 engine*. You're giving them added protection against accident injuries—Life Guard Design.

Ford's exclusive Life Guard Design is a new concept for safer motoring. Read the captions below and you'll see how each of Ford's Life Guard features plays its part in "packaging" you against injury in event of an accident.

You'll quickly see that Life Guard Design keeps you safer in a '56 Ford.

*The standard eight for Fairlane and Station Wagon models.

Ford Life Guard steering wheel is designed to keep driver away from the steering post in accidents.

New Life Guard door latches have a double grip for protection against doors springing open.

New Life Guard padding, optional for instrument panel and sun visors, is made of expanded plastic which absorbs impact.

New Ford seat belts are optional. They not only hold you securely in case of accident but they also improve posture.

New Life Guard rear-view mirror resists shattering and scattering of glass. And its double swivel lets it "give" when hit.

Come in for a "WOW" of a Test Drive in a '56 Ford

Elected Officers
For New Year**

The Hopewell 4-H Club met January 4, to elect officers. After remarks by Hempstead County Agents Mrs. Maud Davis and Mr. Cayce Smith, the following Officers were elected: President, Eligha Easter; Vice-President, Nolen Ross; Secretary, Shirley F. McFadden; Assistant Secretary, Dorothy Dennis; Reporter, Janice M. Cox; Song Leader, Georgia R. Chambers; Recreation Leaders, Deloris Brown and Ricky Poindeux; Community Club Leader, Mr. George Smith, Jr. Other Club Leaders are Mrs. E. S. Conway, Mrs. Neva Carmichael and Mrs. G. N. Davis. (Story by Janice M. Cox, Reporter)

**Federated Club
Holds Election**

The Anna P. Strong Club met in the home of Mrs. Louise Hicks Friday night, January 6. Eight members were present, and each one made a report of her personal contribution in two of the Annual projects set up by the Club, i. e. Thanksgiving and Christmas gifts to shut-ins and underprivileged children.

The President, Mrs. Fannie Buchanan delivered her Annual Address after which Chairmen of Standing Committee made reports of the past year's work. The election was next on the agenda with the following officers being re-elected:

President, Mrs. Fannie Buchanan; Vice-President, Mrs. Veronica Phillips; Secretary, Mrs. E. L. Hicks; Assistant Secretary, Mrs. Neva Carmichael; Treasurer, Mrs. M. L. Rutherford; Reporter, Mrs. E. M. Nelson; Parliamentarian, Mrs. Mattie Bazzelle. The Club will hold its regular meetings the first Friday night of each month.

The following is the President's Message:

January 6, 1956: To the Officers and members of the Anna P. Strong Club, I, Fannie B. Buchanan, will submit a report on Presidential duties to the club for the year of 1955. I was elected to the office of President in February, and since that time I have given the club my best service, under some physical handicap. However, I will not say that I have given any outstanding service, but have tried to keep in touch with our motto, and carry out the plans of the club to the best of my ability. The club sponsors Annual events and if there has been any variation it has been solely recommended by the club as a whole.

There have been ten regular meetings and two call meetings, at which time I was present at each one. We attended two Executive Board meetings, One Regional meeting and one Annual State Convention.

My year's work has been very pleasant, for club work as I see it is a group of persons working together peacefully, harmoniously and loyally for one great cause and that cause is, promoting May I say wherever and whenever you find an organization working together with the same goal in mind, you will find progress and wherever you find progress you will see the work of groups teamed up unselfishly with a religious principle for one common cause.

Now to all of us may I say, let's be loyal, let's be true, let's live by our motto, "Lifting As We Climb" and our Objective, "Promoting Finer Womanhood."

As we enter into this new year, let us enter into it with hope, faith and determination that every year will find us doing more for some one else. It is a fine thing to refer to the past but if we are to grow, we must not live in the past.

Again may I say that I have enjoyed working with you and I want to thank you for your loyal support to me in our program. Honestly, I thank you one and all.

Ladies, we have something to be thankful for because death has not entered our realm this past year and we have been spared to meet in our first meeting of the new year. For that, let us pause for a moment of silent prayer.

Humbly submitted, your President.

Coming And Going

Mangrum Holds Solid Lead in LA Open

LOS ANGELES, (AP)—Lloyd Mangrum held a solid lead of five strokes going into the final round of the \$30,000 Los Angeles Open golf tournament today. And while he would not predict victory, he admitted:

"Five strokes is a mighty comfortable lead, barring someone getting a phenomenal round."

Such was the picture as 63 survivors of a field cut down from more than 150 set forth over the 7,048-yard par 36-35-71 Rancho Municipal golf course.

Nearest to the 4-year-old Mangrum, seeking his fourth win in the event and the \$6,000 that goes with it, were Tommy Bolt and Jerry Barber.

Mangrum broke par for the third straight day yesterday, scoring a 68 for a new tournament record —200 for 54 holes.

Bolt cooled off from the spectacular 63 of Saturday, taking a par 71, and Barber got into the act with his second straight 67, leaving them both at 205.

The next nearest challenger was Cary Middlecoff, who shot a 68 for 207, and one stroke behind him were Dutch Harrison (70) John Barnum (72).

Porkers Defeat Baylor, Texas Comes Tonight

By The Associated Press

The University of Arkansas Razorbacks' ace basketball player, Manuel Whitley, may be hampered by a back injury when the underdog Porkers try for their second Southwest Conference victory against Texas at Austin tonight.

Whitley, the team's leading scorer and rebounder, had suffered from a back ailment while playing for an Army team and he was re-injured in the last five seconds of the Porkers' 85-64 triumph over Baylor Saturday night.

The 6-4 star has scored 174 points in 10 games. He plunked in 24 points and gathered in 10 rebounds in the Baylor contest.

Coach Glen Rose said that Whitley probably will play, but he will be hampered considerably.

After Texas, the Razorbacks come home to prepare for a Friday visit from the highly regarded Rice Owls.

The Porkers have won only two of 10 games, but their surprisingly one-sided triumph over Baylor gave them a fresh start in the conference campaign. Southern Methodist is leader with a 2-0 mark and Arkansas and TCU both have 1-0 records.

SMU also has the best season record among conference teams with 12 victories and two defeats. Rice has an 11-2 mark.

Southern Methodist puts its perfect mark on the line only once this week, playing Texas A&M at Dallas.

Rice hosts Texas Christian at Houston Tuesday, then goes to Fayetteville to take on Arkansas Friday. The Owls entered the week's play boasting the top season scorer and the top conference scorer — Temple Tucker in both cases. Tucker boasted 325 season points and 51 in loop play.

Tuesday SMU goes Texas A&M at Dallas and TCU goes to Houston to play Rice. Texas goes to College Station Friday to meet Texas A&M in a severe test for both teams. Saturday Baylor takes Texas Christian at Fort Worth.

Tucker was followed in the season scoring by Dick O'Neal of TCU with 313 points and Ray Downs, Texas, with 293. Next was Jim Krebs, SMU, with 251.

George Mehaffey of Texas A&M got hot last week to roll up 44 points and take second place in conference scoring. Ken Hulton of A&M and Larry Shwalter of SMU were just behind with 38 points each.

Rice, co-favorites with SMU in the title race, has lost only two games — both to the Mustangs. Only one counts, however, since the first was when SMU beat Rice for the pre-season tournament title at Houston.

Conference

| Team | W | L | Pct. | Pts. | OP |

Carolina.

He announced his resignation yesterday as football coach and athletic director at the University of Maryland to take a job that will pay less, but lighten the load of his responsibilities.

Terms of Tatum's contract with UNC were not announced, but Jake Wade, North Carolina's athletic publicity director, said the salary will not exceed the \$15,000 limit placed on the position by the State Legislature.

Prescott Halts Delight, Goes on to Title

The Prescott Curley Wolves slammed two highly regarded teams to capture the Henderson State Teachers College tournament Saturday night.

The Wolves' first upset broke a 51 game winning streak of Delight, Class B State Champs last season. The score was 34 to 33 with the winning point being made after the game was over on a foul shot.

Then the rangy Wolves blasted the hopes of Emerson in another close contest, the score being 47 to 46. That was the title for the Nevada County Jads.

Delight ousted the Hope Bobcats in the second round of the tourney.

Ortiz, Portillo Battle Tonight

By JACK HAND
Of The Associated Press

A match between 19-year-old Carlos Ortiz of Puerto Rico, unbeaten in 2 bouts, and Ray Portillo of New York has tonight's boxing card at St. Nicholas Arena in New York.

Ortiz can fight only eight rounds because of his age under New York rules. With 2 straight victories, nine by knockouts, he will be favored over Portillo in the match to be seen on Television Dumont.

Bob Satterfield, rated behind Archie Moore, Bob Baker and Hurricane Jackson among Rocky Marciano's challengers by Ring, meets another Chicago heavyweight Johnny Holman in the Windy City Wednesday (ABC-radio and TV).

Hope Juniors Cop Tourney at Texarkana

Hope's Junior High basketball team jumped on the Texarkana Piggies there Saturday night for a 27 to 24 victory to win the junior high invitational tournament.

Texarkana trailed 13 to 14 at halftime and made a strong bid by scoring 20 points in the final quarter but the Hope lads held on to the lead to win the trophy.

Hope gained the finals by whipping North Heights 45 to 24 in the first round and defeating Hooks 34 to 21 in the semifinals.

Dave Watkins led Hope to the title with a 15-point surge. Following the finals the championship trophy was presented to the Hope team represented by Co-Captains Dave Watkins and Johnny Graves. Other Hope players included: Billy Hair, Teddy Jones, Delton Foster, Ross Stone, Don Brown, Terry Thurman, Ronald Lockard.

Poor work, absenteeism and accident are far more prevalent among workers who have visitin inadequate for their jobs than among those with adequate vision says the Better Vision Institute.

Brown, scored six plays later with Joe Childress. Auburn fullback, ramming over from the two with two minutes and 15 seconds remaining in the game. That made the score 12-2 and that was the way it ended.

Brown, coach of the pro champion Cleveland Browns, praised M. D. Goss, 200-pound Southern Methodist tackle and M. L. Brackett, Auburn tackle, for their tremendous defensive play.

Goss was named outstanding player by sports writers covering the game.

Childress, who also scored from the two after a 56-yard drive in the first quarter, was named the outstanding back for the South. Bill Murakowski of Purdue was chosen outstanding back for the North, and End Harold Burnine of Missouri the top lineman for the Yankees.

Dons, Dayton Should Extend Win Streaks

By BEN OLAN
Of The Associated Press

San Francisco and Dayton, the mighty and the high among the nation's college basketball teams, should have little trouble extending their unbeaten streaks this week.

But don't bet on it.

Particularly after the hectic action over the weekend, when four of the top 10 teams — including second-ranked North Carolina State — were beaten. The Wolfpack, after 23 straight successes, dropped a 68-58 decision to Duke.

If top-rated San Francisco wins both its games this week it will equal the collegiate record for consecutive victories — 39.

The Dons play Santa Clara tomorrow and Fresno State Friday. Neither is expected to spring the big surprise, but Santa Clara has shown improvement in winning its last three games.

Dayton's tall Flyers, led by seven-foot center Bill Uhl, were easy winners over Iowa Saturday 83-64. They'll take their 11-0 slate into Buffalo's Memorial Auditorium Saturday night against Canisius.

The standings of the Big Ten are likely to be scrambled tonight. Purdue and Indiana head the pack with 2-0 records but each is down to play away from home—Purdue at Michigan and Indiana at Minnesota. Ohio State and Illinois, both 1-0 also will see action, the Buckeyes against defending champion Iowa and the Illini against Wisconsin.

In other games Vanderbilt, ranked fourth in the latest Associated Press poll, goes against Georgia Tech in a Southeastern Conference encounter. Maryland is at South Carolina. Alabama at Mississippi State. Auburn at Mississippi, Davidson at Virginia Tech and Kansas at Missouri.

Kansas is deadlocked with Kansas State and Colorado for the Big Seven lead. Eighth-ranked Iowa State dropped a 68-64 decision to Kansas State Saturday night.

The North Carolina State set-back coupled with fifth-ranked North Carolina's defeat by Wake Forest scrambled the Atlantic Coast Conference race. Maryland leads with 4-1 followed by N.C. State, North Carolina and Duke at 3-1.

George Washington, No. 7, was the other top team upset. The Colonials lost to unpredictable Richmond 78-67.

Tatum Makes It Official, Takes New Job

COLLEGE PARK, Md. (AP)—Jim Tatum, "like an old Br'er Rabbit going back to the rabbit patch," has quit the job that earned him a reputation as one of football's master tacticians to become head coach at the University of North Carolina.

After two weeks vacation visiting relatives and friends, they left for Yuba City January 3. Accompanying them to California were: Otis Scott and Dail Hendrix and family.

Mr. Weber McFadden has returned to his home in Flint, Michigan after having spent the Christmas holidays with his Mother Mrs. Corinda McFadden and other relatives.

Mrs. Jessie McFadden, Daughter of Mr. George Roach, has returned to her home in Flint, Michigan after having spent the holidays with her parents, brother, sisters and friends.

Friends of Mr. George Roach will be happy to know that he is improving after a serious illness. However, he is still shut in.

American Legion Auxiliary To Meet

Nelson Hill Auxiliary will hold its first meeting of the new year Tuesday January 10 at 7 p. m. in the Hicks Funeral Home Chapel. All members are asked to be present.

HOPE STAR'S MYSTERY FARM CONTEST

Mystery Farm No. 7

Here's How the Contest Works ---

Each week, Hope Star will picture an aerial view of a farm located in the Hope Trade Area. Seventh in a series of "Mystery Farm" photos is pictured above.

No one on the Star staff knows whose farm this is, but if the Owner will stop in and identify his farm, he will receive a beautiful mounted aerial view picture.

The "Mystery Farm" will be identified in Hope Star the following week and the winners names will be published. Only one winner each week to an immediate family.

The contest is open to everyone except employees of Hope Star and their families, the County Agent, Home Demonstration Agent, their office staffs and their families.

Watch for these photos each week, for a picture of your farm may be included in this series. We hope you will enjoy this contest and take an active part in it.

The "Mystery Farm" series is sponsored by the merchants shown on this page. }

Here's What You Win ---

The first person coming to Hope Star office and correctly identify the "Mystery Farm" will receive two passes to the Saenger Theatre. You must register your answer at the Star office.

Hope Star will award prizes to the first three (3) persons correctly identifying the "Mystery Farm." Merchandise Certificate Award of: \$5.00, \$3.00, \$2.00 will be given the first, second and third place winners each week. Certificates must be used with any Advertiser appearing on this page.
